## 10 Minutes Rule in Contest

Proposal:

We propose to clarify that all QSO time in UTC have to indicate the end of the 2-way QSO, someone still put the time of the start but in MW some QSOs are longer than 10 minutes so if the other will put the end time the QSO will be revoked.

There was general agreement to the principle, though concern that checking needs to be put in place or the rule is meaningless.

A vote was taken.

Abstain – PZK, URE

For – others.
